

## Quiet-Vent PVC Reducer Range

**Allows you to convert a larger duct to a smaller duct with ease**

**On one side there is a female socket, this will fit over male fittings (such as bends, connectors, etc) but will not fit directly onto ducting without using a male connector**

**On the other side there is a male spigot, this will allow you to install into ducting or flexible ducting but will not connect to a fitting without using a short piece of ducting**

**Our range of plastic ducting is UK manufactured with top quality materials that will supply a durable product suitable for domestic and commercial systems**
